

Aggregated Micro Power Infrastructure 2 plc (the Issuer)

11 October 2022

For Immediate Release

Investor Update

Given recent events in financial markets, and in particular the significant increase in swap rates we have seen over the last few weeks, the board of Aggregated Micro Power Infrastructure 2 plc (the "Company") have decided that the recent increase in swap rates has made it uneconomic to call the bonds at present. A short investor update presentation is available from the Guy Butler website www.guybutler.co.uk. Audited results for 2022 will be available shortly.
