- (aa) neither the Trustee nor the Calculation Agent shall be responsible or liable for the actions or omissions of the Collateral Manager, or any failure or delay in the performance of its duties or obligations, nor shall they be under any obligation to oversee or monitor its performance; and each of the Trustee and Calculation Agent shall be entitled to rely conclusively upon, any determination made, and any instruction, notice, officer certificate, or other instrument or information provided, by the Collateral Manager, without independent verification, investigation or inquiry of any kind by the Trustee or Calculation Agent;
- (bb) neither the Trustee nor the Calculation Agent shall have any liability for any interest rate published by any publication that is the source for determining the interest rates of the Notes, including but not limited to the Reuters Screen (or any successor source), or for any rates published on any publicly available source, including without limitation the Federal Reserve Bank of New York's website, or in any of the foregoing cases for any delay, error or inaccuracy in the publication of any such rates, or for any subsequent correction or adjustment thereto; and
- (cc) neither the Trustee nor Calculation Agent will be under any obligation (i) to monitor, determine or verify the unavailability or cessation of ~~LIBOR~~the Term SOFR Rate (or other applicable Benchmark), or whether or when there has occurred, or to give notice to any other Transaction Party of the occurrence of, any Benchmark Transition Event or Benchmark Replacement Date (other than as required pursuant to this Indenture upon receiving notice of such occurrence from the Collateral Manager), (ii) to select, determine or designate any Alternative Reference Rate or Benchmark Replacement, or other successor or replacement benchmark index, or whether any conditions to the designation of such a rate have been satisfied, or (iii) to select, determine or designate any Benchmark Replacement Adjustment, or other modifier to any replacement or successor index, or (iv) to determine whether or what Benchmark Replacement Conforming Changes are necessary or advisable, if any, in connection with any of the foregoing.

Calculation Agent. The Calculation Agent may be removed by the Issuer or the Collateral Manager, on behalf of the Issuer, at any time. If the Calculation Agent is unable or unwilling to act as such or is removed by the Issuer or the Collateral Manager, on behalf of the Issuer, the Issuer or the Collateral Manager, on behalf of the Issuer, will promptly appoint a replacement Calculation Agent which does not control or is not controlled by or under common control with the Issuer or its Affiliates or the Collateral Manager or its Affiliates. The Calculation Agent may not resign its duties or be removed without a successor having been duly appointed.

- (b) The Calculation Agent shall be required to agree (and the Collateral Administrator as Calculation Agent does hereby agree) that, as soon as possible after 11:00 a.m. ~~London~~New York time on each Interest Determination Date, but in no event later than 11:00 a.m. New York time on the ~~London–Banking~~U.S. Government Securities Business Day immediately following each Interest Determination Date, the Calculation Agent will calculate the Interest Rate applicable to each Class of Floating Rate Notes during the related Interest Accrual Period (or, in the case of the first Interest Accrual Period, for the relevant portion thereof) and the Note Interest Amount (in each case, rounded to the nearest cent, with half a cent being rounded upward) payable on the related Payment Date in respect of such Class of Rated Notes and the related Interest Accrual Period. At such time, the Calculation Agent will communicate such rates and amounts to the Co-Issuers, the Trustee, each Paying Agent, the Collateral Manager, Euroclear, Clearstream and the Cayman Stock Exchange by email to Listing@csx.ky and csx@csx.ky. The Calculation Agent will also specify to the Co-Issuers the quotations upon which the foregoing rates and amounts are based, and in any event the Calculation Agent shall notify the Co-Issuers (with a copy to the Collateral Manager) before 5:00 p.m. (New York time) on every Interest Determination Date if it has not determined and is not in the process of determining any such Interest Rate or Note Interest Amount together with its reasons therefor. The Calculation Agent’s determination of the foregoing rates and amounts for any Interest Accrual Period (or portion thereof) will (in the absence of manifest error) be final and binding upon all parties.
- (c) The Collateral Administrator, in its capacity as Calculation Agent, shall have no (i) responsibility or liability for the selection or determination of any reference rate or Alternative Reference Rate as a successor or replacement base rate to ~~LIBOR~~the Term SOFR Rate plus the Term SOFR Adjustment and shall be entitled to rely upon any designation of such a rate by the Collateral Manager and (ii) liability for any failure or delay in performing its duties hereunder as a result of the unavailability of a “~~LIBOR~~Benchmark” rate as described in the definition thereof.
- (d) The Collateral Administrator, in its capacity as Calculation Agent, shall not have any liability for (x) the selection of Reference Banks or major banks in New York, New York whose quotations may be requested and used for purposes of calculating ~~LIBOR~~the Term SOFR Rate, or for the failure or unwillingness of any Reference Banks or major banks in New York, New York to provide a quotation or (y) any quotations received from such Reference Banks or major banks in New York, New York, as applicable. For the avoidance of doubt, if the rate appearing on the Reuters Screen for deposits with the Index Maturity is unavailable, neither the Calculation Agent nor the Trustee shall be under any duty or

obligation to take any action other than ~~the Calculation Agent's obligation to take the actions expressly~~ as set forth ~~in the definition of "LIBOR" herein~~, in each case whether or not quotations are provided by such Reference Banks or major banks in New York, New York, as applicable.

- (e) If the Calculation Agent at any time or times determines in its reasonable judgment that guidance is needed to perform its duties, or if it is required to decide between alternative courses of action, the Calculation Agent may (but is not obligated to) reasonably request guidance in the form of written instructions (or, in its sole discretion, oral instruction followed by written confirmation) from the Collateral Manager, on which the Calculation Agent shall be entitled to rely without liability. The Calculation Agent shall be entitled to refrain from action pending receipt of such instruction.

Section 7.17. Certain Tax Matters

- (a) The Issuer shall treat the Rated Notes as debt and shall treat the Subordinated Notes as equity for U.S. federal income tax purposes, except as otherwise required by applicable law. Each Holder, by accepting a Security, agrees to report all income (or loss) in accordance with such treatment and to take no action inconsistent with such treatment unless otherwise required by a relevant taxing authority, it being understood that this Section 7.17(a) shall not prevent holders of Class D Notes or Class E Notes from making a protective "qualified electing fund" election or filing protective information returns.
- (b) No later than March 31 of each calendar year, or as soon as practicable thereafter, the Issuer shall (or shall cause its Independent accountants to) provide to each Holder of Subordinated Notes who so requests in writing and intends to make such "qualified electing fund" election (and, upon request and at the expense of any Holder or beneficial owner of Class D Notes or Class E Notes intending to make a protective "qualified electing fund" election) (including making such election on a protective basis in the case of holders of the Class D Notes or Class E Notes) (i) all information that a U.S. shareholder making a "qualified electing fund" election (as defined in the Code) is required to obtain for U.S. federal income tax purposes and (ii) a "PFIC Annual Information Statement" as described in Treasury Regulation section 1.1295-1 (or any successor Treasury Regulation), including all representations and statements required by such statement, and will take any other reasonable steps necessary to facilitate such election by, and any reporting requirements of, the owner of a beneficial interest in Subordinated Notes. Upon request by the Independent accountants, the Registrar shall provide to the Independent accountants information contained in the Register and requested by the Independent accountants to comply with this Section 7.17(b).
- (c) The Issuer has not and will not elect to be treated other than as a corporation for U.S. federal, state or local income or franchise tax purposes and shall make any election necessary to avoid classification as a partnership or disregarded entity for U.S. federal, state or local tax purposes.
- (d) The Issuer shall not file, or cause to be filed, any income or franchise tax return in any state of the United States unless it shall have obtained an Opinion of Counsel prior to such filing

Schedule 3

The Diversity Score is calculated as follows:

- (a) An “**Issuer Par Amount**” is calculated for each issuer of a Collateral Obligation, and is equal to the Aggregate Principal Balance of all the Collateral Obligations issued by that issuer and all affiliates.
- (b) An “**Average Par Amount**” is calculated by summing the Issuer Par Amounts for all issuers, and dividing by the number of issuers.
- (c) An “**Equivalent Unit Score**” is calculated for each issuer, and is equal to the lesser of (x) one and (y) the Issuer Par Amount for such issuer divided by the Average Par Amount.
- (d) An “**Aggregate Industry Equivalent Unit Score**” is then calculated for each of Moody’s industry classification groups, shown on Schedule 2, and is equal to the sum of the Equivalent Unit Scores for each issuer in such industry classification group.
- (e) An “**Industry Diversity Score**” is then established for each Moody’s industry classification group, shown on Schedule 2, by reference to the following table for the related Aggregate Industry Equivalent Unit Score; *provided* that if any Aggregate Industry Equivalent Unit Score falls between any two such scores, the applicable Industry Diversity Score will be the lower of the two Industry Diversity Scores:
