(iii) if there is not a rating by S&P on the issuer or on an obligation of the issuer, then the S&P Rating may be determined pursuant to clauses (A) through (C) below:

(A) if an obligation of the issuer is not a DIP Collateral Obligation and is publicly rated by Moody's, then the S&P Rating will be determined in accordance with the methodologies for establishing the Moody's Rating set forth above except that the S&P Rating of such obligation will be the S&P equivalent of such Moody's Rating;

(B) the S&P Rating may be based on a credit estimate provided by S&P, and in connection therewith, the Issuer, the Collateral Manager on behalf of the Issuer or the issuer of such Collateral Obligation shall, prior to or within 30 days after the acquisition of such Collateral Obligation, apply (and concurrently submit all available Information in respect of such application) to S&P for a credit estimate which shall be its S&P Rating; provided that, if such Information is submitted within such 30 day period, then, pending receipt from S&P of such estimate, such Collateral Obligation shall have an S&P Rating as determined by the Collateral Manager in its sole discretion if the Collateral Manager certifies to the Trustee and the Collateral Administrator that it believes that such S&P Rating determined by the Collateral Manager is commercially reasonable and that the credit estimate provided by S&P will be at least equal to such rating; provided, further, that if such Information is not submitted within such 30 day period, then, pending receipt from S&P of such estimate, the Collateral Obligation shall have (1) the S&P Rating as determined by the Collateral Manager for a period of up to 90 days after the acquisition of such Collateral Obligation and (2) an S&P Rating of "CCC " following such 90 day period; unless, during such 90 day period, the Collateral Manager has requested the extension of such period and S&P, in its sole discretion, has granted such request; provided, further, that if such 90 day period (or other extended period) elapses pending S&P's decision with respect to such application, the S&P Rating of such Collateral Obligation shall be "CCC "; provided, further, that if the Collateral Obligation has had a public rating by S&P that S&P has withdrawn or suspended within six months prior to the date of such application for a credit estimate in respect of such Collateral Obligation, the S&P Rating in respect thereof shall be "CCC " pending receipt from S&P of such estimate, and S&P may elect not to provide such estimate until a period of six months have elapsed after the withdrawal or suspension of the public rating; provided, further, that the S&P Rating may not be determined pursuant to this clause (B) if the Collateral Obligation is a DIP Collateral Obligation; provided, further, that such credit estimate shall expire 12 months after the receipt thereof, following which such Collateral Obligation shall have an S&P Rating of "CCC " unless, during such 12 month period following the receipt of such credit estimate, the Issuer applies for renewal thereof in accordance with Section 7.14(c), in which case such credit estimate shall continue to be the S&P Rating of such Collateral Obligation until S&P has confirmed or revised such

credit estimate, upon which such confirmed or revised credit estimate shall be the S&P Rating of such Collateral Obligation; provided, further, that such confirmed or revised credit estimate shall expire on the next succeeding 12 month anniversary of the date of the receipt thereof and (when renewed annually in accordance with Section 7.14(c)) on each 12 month anniversary thereafter;

(C) with respect to a Collateral Obligation that is not a Defaulted Obligation, the S&P Rating of such Collateral Obligation will at the election of the Issuer (at the direction of the Collateral Manager) be "CCC "; provided (i) neither the issuer of such Collateral Obligation nor any of its Affiliates are subject to any bankruptcy or reorganization proceedings and (ii) the issuer has not defaulted on any payment obligation in respect of any debt security or other obligation of the issuer at any time within the two year period ending on such date of determination, all such debt securities and other obligations of the issuer that are pari passu with or senior to the Collateral Obligation are current and the Collateral Manager reasonably expects them to remain current; provided further, that if at any time that more than 10% of the Collateral Principal Amount consists of Collateral Obligations with S&P Ratings determined pursuant to this clause (iii)(C), the Issuer will use commercially reasonable efforts to notify S&P of such Collateral Obligations (or, to the extent reasonably available to it without undue burden or expense, to provide information regarding such Collateral Obligations to S&P, as applicable);

(iv) with respect to any DIP Collateral Obligation that has no issue rating assigned by S&P within the preceding 12 month period, the S&P Rating of such DIP Collateral Obligation will be, at the election of the Issuer (at the direction of the Collateral Manager), "CCC "; or

(v) with respect to any Current Pay Obligation, the S&P Current Pay Obligation Rating;

provided that (x) if the applicable rating assigned by S&P to an obligor or its obligations is on "credit watch positive" by S&P (or, in the case of a rating derived from a Moody's Rating, on positive watch by Moody's), such rating will be treated as being one subcategory above such assigned rating and (y) if the applicable rating assigned by S&P to an obligor or its obligations is on "credit watch negative" by S&P (or, in the case of a rating derived from a Moody's Rating, on negative watch by Moody's), such rating will be treated as being one subcategory below such assigned rating, unless such treatment would cause such rating to be lower than "CCC-".
