1. Terms used but not otherwise defined in this notice shall have the meaning given to them in the trust deed in respect of the Notes dated 28 June 2019 (the "**Trust Deed**").
2. In view of the impending cessation of GBP LIBOR, the Issuer proposes to effect a Base Rate Modification in accordance with clause 23.10 (*Waiver; Authorisation; Determination; Modification; Substitution of Principal Debtor*) of the Trust Deed, by amending the calculation of the Interest Amount in respect of the Notes to apply a rate based on Compounded Daily SONIA (as defined in the Annex (*Form of Amendment Deed*) hereto).
3. The Issuer proposes to effect the Base Rate Modification by entering into an amendment deed, a draft of which is attached in the Annex (*Form of Amendment Deed*) hereto, which will amend the relevant Transaction Documents (the "**Amendment Deed**").
4. Pursuant to clause 23.10 (*Waiver; Authorisation; Determination; Modification; Substitution of Principal Debtor*) of the Trust Deed, the Base Rate Modification is being undertaken due to:
 - (a) a public statement by the Financial Conduct Authority of the United Kingdom (the "**FCA**") as supervisor of the LIBOR administrator that LIBOR will be permanently or indefinitely discontinued or will be changed in an adverse manner; and
 - (b) a public statement by the FCA as supervisor of the LIBOR administrator that means LIBOR may no longer be used or that its use is subject to restrictions or adverse consequences.
5. Pursuant to clause 23.10.3(d) (*Waiver; Authorisation; Determination; Modification; Substitution of Principal Debtor*) of the Trust Deed, the Trustee shall be obliged to agree to any modification which the Issuer certifies is required for the purpose of changing the GBP LIBOR base rate to an Alternative Base Rate and make such other

amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate that change, *provided that*, in relation to any such amendment:

- (a) the Trustee has received a Base Rate Modification Certificate; and
 - (b) the Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 17 (*Notice to Noteholders*), and Noteholders representing at least 10 per cent. of the Instructing Class of Notes have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the Base Rate Modification; and
 - (c) all other conditions set out in clause 23.10 (*Waiver; Authorisation; Determination; Modification; Substitution of Principal Debtor*) of the Trust Deed have been satisfied.
6. This notice constitutes the notice by the Issuer to the Noteholders referred to in paragraph 5(b) above.
7. **NO ACTION IS REQUIRED TO BE TAKEN BY ANY NOTEHOLDER WHO DOES NOT WISH TO OBJECT TO THE BASE RATE MODIFICATION.**
8. Noteholders who wish to notify the Issuer that they object to the Base Rate Modification must do so by 1:00 p.m. on 15 September 2021 (the "**Deadline**"). The Issuer requests that any Noteholder that wishes to object to the Base Rate Modification does so through the clearing systems in accordance with the following procedure, rather than contacting the Issuer directly. No physical meetings of the Noteholders will be held.
9. Each Noteholder that wishes to vote to object to the Base Rate Modification must ensure that:
- (a) it gives electronic voting instructions to the relevant clearing system (in accordance with that clearing system's procedures):
 - (i) TO REJECT the Base Rate Modification; and
 - (ii) specifying the full name of the direct participant submitting the voting instruction and the account number(s) for the party making the voting submission(s),such that the Issuer will receive the Noteholder's voting instructions on or before the Deadline; and
 - (b) the relevant clearing system has received irrevocable instructions (with which they have complied) to block the Notes held by such holder in the securities account to which they are credited with effect from and including the day on which the electronic voting instruction is delivered to the relevant clearing system so that no transfers may be effected in relation to the Notes held by such holder at any time after such date until the Deadline. Votes will only apply to the Adjusted Principal Balance of Notes blocked in the relevant clearing system.

10. Notes should be blocked in accordance with the procedures of the relevant clearing system and the deadlines required by the relevant clearing system. Noteholders should note that clearing system deadlines may be different to the Deadline set out herein, and as such Noteholders who wish to object should check the relevant clearing system's procedures and deadlines ahead of the Deadline.
11. Any beneficial owner of Notes who is not a direct participant in the clearing systems must contact its broker, dealer, bank, custodian, trust company or other nominee to arrange for the account holder in Euroclear or Clearstream, Luxembourg, as the case may be, through which it holds Notes to deliver an electronic voting instruction in accordance with the requirements of the relevant clearing system and procure that the Notes are blocked in accordance with the normal procedures of the relevant clearing system and the deadlines imposed by such clearing system.
12. Each Noteholder that wishes to object to the Base Rate Modification should ensure that the relevant blocking instructions to the relevant clearing system can be allocated to the relevant electronic voting instruction. For the avoidance of doubt, each electronic objection instruction must have an individual matching blocking instruction.
13. By providing instructions as described above, each beneficial owner of the Notes authorises the clearing systems at which their account is maintained to disclose to the Protection Buyer, the Issuer and the Trustee, confirmation that they are the beneficial owner of such Notes and the Adjusted Principal Balance of such Notes.
14. If Noteholders representing at least 10 per cent. of the Instructing Class of the Notes have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) by the Deadline that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders is passed in favour of such Base Rate Modification.
15. If the 10 per cent. threshold is not reached, the Issuer, the Protection Seller, the Trustee and the Protection Buyer as parties to the relevant Transaction Documents will enter into the Amendment Deed and Noteholders will be bound by such Amendment Deed. Votes delivered in favour of the Amendment Deed will not be counted.
16. Additional notifications will be made to the Noteholders in accordance with Condition 17 (*Notices to Noteholders*) as soon as reasonably practicable following the Deadline, notifying Noteholders of the voting results.
17. For further information please contact the Protection Buyer, contact details for which are set out below.
